## Hello From the Front Desk....

With October we usually expect changes... cooler weather, football games, foggy mornings, and school busses. This October we have other changes. Our chef, Dorothy Funderburg, lost her father (Bill Phillips) last month after a serious illness and she will be leaving us to help her mother with transitions at the family ranch. She will be dearly missed. I have a chef candidate already under negotiation, but I cannot say who it is until they accept the position! Hopefully, you will meet our new chef soon! I'd like to express our condolences to Dorothy's family and to Pam Davis' who lost her father (Kenneth Page) also. The past month and a half have been tough on us. Life is short. Many times it is also bitter sweet. Love one another while you can... and hug a friend.

We have a wonderful Opry set up for you this month. Please join us on October 17th when Paul Sanchez, Winston (Dub) Robinson, and Jan Zerda perform many of your favorite classic country songs. Dinner is served at 6 and the show starts at 7PM. Please join us!

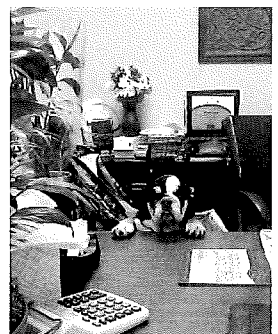

Congratulations to our board members who were re-elected last month. If you don't know our board members, please take a moment to get to know them! They donate their time to the center and they want to hear from you on what your wishes are for YOUR Silver Center.

Vacations, vacations, vacations! Premier Tours will be hosting a presentation at 1PM on the 2nd to show you how to 'Ride the Rails' while touring California and Collette Tours has a presentation planned at 1PM on the 24th in case you're looking forward to a vacation in the "Smoky Mountains"! Please join us for these informative slide presentations and if there is somewhere else you'd like to go we can even assist you in your planning other destinations though these 2 fine companies.

Last, but not least, we are hoping our sweet Lily will deliver pups in early October. Watch the office door for a notice from the stork. You will know as soon as we know!

Have a fun and Blessed Fall. Stop by and see us in the front office. We appreciate your input and smiles.

Volunteering ...Why do you volunteer or why do you choose not to? It has been proven "volunteering" has many social and psychological advantages. The top reasons:

1. Gaining Experiences and Insights
2. Giving back and helping others
3. Creating connections with people
4. A sense of accomplishment

Do not be timid. Try it. Call or come into the Center and make this request known. There is always "time" to give to others.

Our fantastic volunteers donated a whopping 615.5 hours for the month of August!

**WELLMED will be sponsoring another BINGO opportunity on Friday, October 18 at 1:00 pm. REMEMBER: WELLMED BINGO is every 3rd Friday through December. Come join us for an afternoon of fun and bring a friend!**

### STAY ACTIVE WITH TAI CHI

Many older adults are looking for a gentle, low-impact exercise program that helps them stay active and improves muscle strength, flexibility and balance. TAI CHI fits the bill!

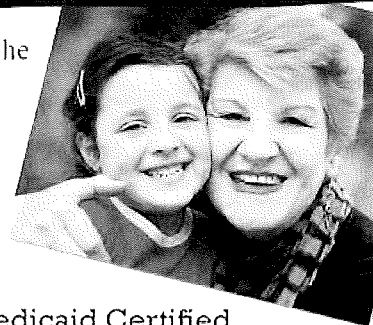

The benefits include, but are not limited to, helping with arthritis pain, reducing blood pressure, reducing stress and depression, and helping reduce bone loss in menopausal women. Tai Chi is a phenomenal exercise, and it all started with the ancient Chinese!

Join us at the Silver Center on Mondays at 9:00 am. It is only \$1.00 per class.

## **Tickle Your Funny Bone!**

Submitted by Velma Buie

A lady lived in a 2 story apartment complex with an alley between the two units. She called the police to report that the gentleman who lived in the apartment across the alley was walking around inside his apartment exposing himself in the nude. The policeman arrived at the apartment and walked around her room to check her complaint. He said, "Lady, I don't know what you are complaining about. I can't even see out your window." She said, "If you get up on the chair, you can see."

Reverend Jones was preaching in a small church in Texarkana. One Sunday morning, he was holding a Prayer meeting. He asked for people to come forward and he would say special prayers for anyone in need. Jake came forward and the pastor asked, "What would you like for me to pray about?" He said, "My hearing." So the pastor placed one hand on his head and the other hand over his left ear and said a pretty lengthy prayer. Then the pastor asked, "How's your hearing now?" He replied, "It ain't till next Thursday."

### **OLD FRIENDS**

Two sweet little ladies have been friends for many decades. Over the years they have shared all kinds of activities and adventures. Lately, their activities had been limited to meeting a few times a week to play cards. One day when they were playing cards, one looked at the other and said, "Now don't get mad at me. I know we have been friends for a long time, but I just can't think of your name. I've thought and thought, but I can't remember it. Please tell me what your name is." Her friend stared and glared at her for at least 3 minutes. Finally she said, "How soon do you need to know?"

This may be the same two friends. They were out driving in a large car. Both of them could barely see over the dashboard. As they were cruising along, they came to a major crossroad. The light was red, but they just went on through. The woman in the passenger seat thought for sure that light was red, but was concerned that she might be losing it. They came to another major junction, and sure enough, they rolled right on through. She was getting nervous, so at the next junction, it happened again. She turned to the driver and said, "Mildred, did you know you just went through 3 red lights in a row? You could have killed us both! Mildred turned to her and said, "Oh, am I driving?"

## **A Story of Compassionate Care**

Many people are uncomfortable talking about the inevitability of death. When a loved one is seriously ill, it is natural to focus on the hope that medical services will preserve and extend life. However, once the patient and family have come to terms with the idea that a health condition is terminal, hospice services are available to help guide the family. Hospice care maintains the philosophy that death is not the opposite of life, but a part of it. GRMC established its Hospice Services in 1990, and has cared for more than 4,500 patients and their families since. Perhaps the best way to understand the vital and compassionate services provided by hospice staff and volunteers is to hear the stories of grateful family members. Long-time Seguinite, Sharon Stollewerk, shared her stories of both her mother and her father being patients of GRMC Hospice. Sharon is the Director of Faith Lutheran Preschool, where she also teaches a class of 4-year-olds. Sharon, her adult children and five grandchildren all consider family their No. 1 priority—a value that was instilled by Sharon's parents, Marie and Basil Karm, during their 72 years of marriage.

### **The Right Kind of Support**

Sharon confesses that she was initially hesitant and scared about hospice care when her mother began to lose her battle with breast and bone cancer in 2017, but her reservations were quickly erased when she met the staff. "I cannot tell you how wonderful every single one of them were—so compassionate, loving and attentive to my mom's needs." She recalls that the nurses would stay with her throughout the days and nights to alleviate her pain and anxiety, to manage her medical needs, and to help Basil and the family through these last stages of life. She fondly remembers the nurses, chaplains and volunteers as angels who were always there, never rushing a visit, always providing a listening ear.

### **Care for a Broken Heart**

After Marie's passing, Basil was understandably anxious, stressed and very sad to have lost the love of his life. The hospice team continued to visit him, providing grief counseling and showing genuine concern for his well-being. Within the year, Basil began to show signs of dementia and physical demise, which Sharon attributes to his broken heart. Once it was apparent that he, too, was entering his final chapter in life, GRMC Hospice Services were again sought to help care for him. Sharon recalls one day at Basil's assisted living center, she overheard him tell his hospice nurse yet again about how he had met his wife decades earlier. She especially remembers how the nurse smiled and enjoyed the story as if it were the first time she had heard it, and how they sang a song together. That moment touched Sharon deeply. "It was the sweetest thing ever and is etched in my heart forever," she says. GRMC Hospice Services provided the care, understanding, knowledge and assurance that Sharon's family needed during these sad transitions. Working full time, it was difficult to provide the care and attention she knew her parents needed, and it eased her mind to know that each day her parents were in capable and compassionate hands. She also says that the candlelight memorial services sponsored by the hospice team are meaningful and wonderful ways to continue to honor and remember her parents and to connect with others who are similarly grieving their loved ones.

## What is Advanced Care Planning?

This is a process of coming to understand, reflect on, discuss and plan for a time when you cannot make your own medical decisions. Discussing and planning for patient's preferences for life sustaining treatment in the future.

## What is involved in the planning process?

Talking with family and health care providers about your care decisions and formally documenting them is very important. Legal documents discuss the type of care you want, where care happens, and who provides it so your family knows your choices and understand who you want to speak for you when you can't speak for yourself.

## Care decisions can be about:

- Choosing or refusing tests, procedures and medicines, and life-sustaining treatments.
- Choosing persons to speak for you when you are unable to speak for yourself.
- Completing the necessary legal documents that will guide health care professionals in the future.

## Where and by whom is this service provided?

We believe the best time and place to have this conversation is before a health crisis occurs; over the kitchen table instead of over an ICU bed. We can see you at home, at your Assisted Living home, or your Nursing home, and sometimes in the hospital.

Our teams of Advance Care Planning Facilitators are specially trained to guide this conversation and to complete the necessary legal documents. We will provide all advance directives and this service is at no cost to you.

To arrange a consultation with an Advanced Care Facilitator please call: 830.401.7704.
